

KENMOGNE CHETEU FABRICE HERMANN

Kempton, 87439, Deutschland | +4915783456189 | fabricecheteu332@gmail.com

Personal Profile

Robotics student specializing in industrial robotics and automation technology. Proficient in programming languages (C/C++, Python, Java) and experienced in project management. Fluent in German, English and French, aspiring to further develop skills in automation and contribute to innovative projects.

Education

Bachelor of Science, Robotics Hochschule Kempten - Kempten (Allgaeu), BY	since January 2022
<ul style="list-style-type: none">Focus: Industrial Robotics and Automation Technology: Machine vision(2D, 3D), Digital technology, Control Engineering, Measuring Systems, Software Engineering, Basic Principles of Mechanics.	
A-Levels, with a focus on sciences College Saint Thomas D'aquin - Bafousam, Cameroon	2019
<ul style="list-style-type: none">Focus: Mathematics, Physics, Computer Science	

Experience

Working student Sontheim Industrie Elektronik - Kempten, Germany	Oct 2022 to Current
<ul style="list-style-type: none">Development and commissioning of electronic systems for the automotive and industrial automation sectors in different languages C, C++, Java, and PythonCreation of small software units on different platformsTechnical documentationGained experience in Apple app development (Swift)	

Skills

<ul style="list-style-type: none">Electronics knowledge for sensor and actuator integrationProgramming (C, C++, Python) and design skills.Algorithm implementationProficient with ROS (Robot Operating System)Embedded Systems in Robotics	<ul style="list-style-type: none">Programme testing softwareRobotics kinematicsOffice 365
